NORTH TABLE MOUNTAIN REPORT October 2014

Online Payments Made Faster and Easier Recurring Payments are now available!!

In an effort to meet our customer's needs, we are now able to automatically withdraw your payment on the 25th of the month in which you receive your quarterly billing statement. By selecting this automatic payment option you will automatically receive the 4% early payment discount.

Go to www.ntmwater.org Enter "My Account" or sign up for "My Account" if you haven't yet.

Select the "Setup or manage recurring payments" link.

Enter your banking information in the third party web site and you are now registered for automatic recurring payments.

Once you have registered for recurring payments, you will not have the option for any other electronic payment method. In addition, there will be a \$2.35 fee applied to each payment withdrawn from your personal account. Please sign-up for recurring payments prior to the 25th of the month in which you receive your statement to ensure your payment is applied. Sign-ups after the 25th of your billing month will not be processed until the following billing cycle. Please pay your bill by the due date through another payment method to avoid a late charge if you are signing up after the 25th of the month. Please see our additional payment options on the reverse side:
