Have you signed up for Automatic Payments yet?

Select the “Payments/My Account” tab on our website, then you must agree to the terms in order to proceed. Below is an example of what you will see:

Create an Account – If you haven’t done so, create a login. When you create your account you will need the **Billing ID** (which is different from your account number and shown on your utility bill), the **Last Name** on the account and your **email address**.

Paperless Billing – By selecting this, you will turn on paperless billing. This will allow you to receive an email letting you know that there is a new bill that is ready to review.

Automatic Payment Plan – By turning on this feature, your bill will be automatically withdrawn using the payment method of your choice.
